

## Document reissues\* for Potain GMA or GME cranes type

Systematically supplied with the new cranes, they also can be supplied on request for old crane models.

They are carried out in perfect accordance with the crane composition. Type, serial number, desired language, country where the crane operates or wind standard used are necessary for the reissue.

**"The company manager must put at the disposal of qualified persons which are in charge of the inspections, tests and proofs to be carried out, the required documents such as the manufacturer's instructions, conformity declaration or certificate, the reports of the previous inspections and the maintenance log-book of the machines".**

Extract of the decree of March 1st, 2004

(J.O. N° 77 of March 31, 2004, page 6189, text N° 25 Article 3.b).
