

Double cable pulling grip with swivel*

Make your cable changes safer

These new generation cable pulling grips with central swivel are ideal for safewire rope replacement.

They meet the obligations of European regulations, in particular the "Machinery" Directive 2006/42/EC.

Rope diameter	Reference number
15/20	84051422
20/25	84063554
25/30	84063564
30/35	84063565

* Usable for ropes without termination and with diameters greater than 15 mm.
