

Maintenance Kit Guide 500h / 1000h / 2000h

GMK 5120L

Mercedes E5 / T3 engine

500 h Maintenance Kit

Help keep your crane making money for you!
 Regular preventative maintenance ensures good reliability.
 Benefit from savings by buying kits instead of individual parts.

Good maintenance at the right time will make a difference in the daily reliability and long-term life of your GMK. The 500 hour kit is equivalent to an average 6 month inspection.

Should you have any feedback or questions regarding maintenance kits, please contact Grove Product Support.

500h Maintenance Kit P/No 04425745

Crane reference table

Crane model	Engine		Crane S/No start	Maintenance Manual	500h kit P/No
GMK 5120L	Mercedes	T3	5120 5601	3 303 262/3	04425745
		E5	5120 5101	3 303 262/3	04425745

The kits basically follow the maintenance plans as shown in chapter 5 of the Maintenance manual. Please refer to this for further details and requirements. There may appear to be some discrepancies with the part numbers given in the Maintenance manual compared to those in the kit. The kit contains the latest recommendations, where any updates are a function of our continuous improvement.

Kit contents

Part No.	Description	Quantity
00117134	Seal (transfer case, axle center drives)	1
00117151	Seal (transfer case - steel, axle drives, final drives)	6
04181265	Seal (final drives)	8
03135778	Gasket set complete (chassis hydraulic oil filter 2)	2
04165792	Filter 1 Packing set (Superstructure; Hydraulic system)	1

1000 h Maintenance Kits

Help keep your crane making money for you!
 Regular preventative maintenance ensures good reliability.
 Benefit from savings by buying kits instead of individual parts.

Good maintenance at the right time will make a difference in the daily reliability and long-term life of your GMK. The 1,000 hour kit is equivalent to an average 12 month inspection.

Kit contents

Part No.	Description	Quantity
03134932	Super hydraulic oil tank breather	1
04362243	Filter element, pressure	3
03142356	Super hydraulic oil filter 2	1
03142360	Chassis hydraulic oil tank breather	1
04293664	Chassis cab pollen filter	1
03329152	Chassis hydraulic oil filter 1 & 2	2
04362245	Super hydraulic oil filter 1	1
04286260	Filter, air dryer	1
04377687	Air filter – main filter (Carrier; Engine)	1
04377688	Air filter – back-up filter (Carrier; Engine)	1
00117125	Sealing ring (slewing gear)	2
00117132	Sealing ring (slewing gear)	2
00117134	Seal (transfer case, axle center drives)	6
00117145	Seal (transmission)	1
00117151	Seal (transfer case - steel, axle drives, final drives)	6
01371208	Seal (axle center drive)	1
03135867	Gasket set (chassis hydraulic filter oil 3, 4 & 5)	3
03326049	Seal kit (super hydraulic oil filter 2)	1
04181265	Seal (final drives)	8
04293649	Fresh air filter (Carrier; Air-conditioning system)	1

Please note that the fuel filter is not included in the scope of delivery of this maintenance kit. Please select the filter suitable for your crane serial number and order it separately. Please note the singalcode/infotext during the ordering process.

2000 h Maintenance Kits

Help keep your crane making money for you!
 Regular preventative maintenance ensures good reliability.
 Benefit from savings by buying kits instead of individual parts.

Good maintenance at the right time will make a difference in the daily reliability and long-term life of your GMK. The 2,000 hour kit is equivalent to an average 2 year inspection.

04158759	AdBlue (DEF) filter	1
03328342	Strainer (Carrier; Transmission)	1
03328343	Spring (Carrier; Transmission)	1
03328344	Gasket 42 x 49 Al DIN 7603 (Carrier; Transmission)	1

Please note that the fuel filter is not included in the scope of delivery of this maintenance kit. Please select the filter suitable for your crane serial number and order it separately. Please note the singalcode/infotext during the ordering process.

Additional Maintenance Items (not included in the kit)

OILS AND GREASES

Many oils and greases will be available locally to you, we strongly recommend that the specifications given in chapter 6 of the Maintenance manual be followed when selecting any equivalents. These oils and greases have no equivalent and should be ordered from our Parts Department, as required:

Sliding surface 'BOOM GREASE Plus'

- 400 gr. cartridge for spray gun - part number **04299656**
- 400 gr. cartridge - part number **04299657**
- 10 kg can - part number **04299654**
- 25 kg bucket - part number **04299655**

Cylinder rod corrosion protection (400ml spray) - part number **01929824**

Boom pinning 'BOLT GREASE 2.0' (400g cartridge) - part number **03313195**

Suspension lubricant (1-liter bottle) P/No 02310863, (10-Liter) - part number **02312890**

Turntable bearing gear teeth adhesive grease (400ml spray) - part number **S-01032-63**

OIL ANALYSIS KIT

As part of the annual maintenance, you should take a sample from the hydraulic system (chapter 7 of the maintenance manual) to determine the condition of the hydraulic oil. We recommend our oil analysis kit, which is available under part number **03141012**. The kit contains: an oil sample bottle, oil description form (to be completed) and return envelope. The price of this kit includes laboratory analysis of the sample and report.

GMK BOOM GREASE KIT

Makes regular maintenance quick and trouble-free. Boom lubrication with the right tools! The boom lubrication kit is designed to provide easy access to inaccessible areas for tasks like lubrication inside the boom through the pinning holes

Tested by our technicians. – Boom Grease Kit part number: **04414162**

Works with High-Pressure Hose, 25m (purchased separately) - part number: **03329072**

For convenience you can also order the total package “Boom Lubrication Kit” including the boom grease and the spray lance under part number **04414402**

p/n 04414162

p/n 03329072

p/n 04414402

GMK BATTERY CHARGER

Keep your battery charged and ready to go!

Regular preventative maintenance ensures good reliability. Easy and convenient, with the matching Harting plug to connect to your GMK crane already attached.

Heavy-duty battery charger (220V; 24V - 20A, 110 V; 24V - 10A).

Part Number (110V): **04326279**

Part Number (220V): **04326178**
